

CAN.dy Dance Project — Conduct Concern & Complaint Process

Adoption and effective dates live in the membership system, not in this file. `document_versions` records the version and effective date; the `acknowledgments` table records who agreed to which version and when, with a server-generated timestamp, append-only (Article 20.2, 20.3). A blank line here would be a second, worse copy of that record.

1. **Scope.** Applies to rehearsals, performances, shoots, online spaces, and related events.
2. **What can be reported.** Harassment, discrimination, bullying, retaliation, boundary violations, unsafe behavior, or other serious conduct concerns.
3. **How to report.**
 - Report to either Co-Director, or to the Secretary if you prefer.
 - Reports may be written or verbal. Anonymous reports may be considered but can limit follow-up.
4. **If the concern involves a Co-Director.**
 - Report to the **other Co-Director** and the **Secretary**.
 - If both Co-Directors are involved or you're not comfortable, report to the Treasurer + Secretary jointly for intake and next steps.
5. **Response process (typical).**
 - Acknowledge receipt within a reasonable time (goal: 48–72 hours).
 - Gather info from relevant parties; keep information shared on a need-to-know basis.
 - Decide outcomes consistent with bylaws (warning, safety plan, removal from Project/Team).
6. **No retaliation.** Retaliation for good-faith reporting is prohibited and may result in removal.
