

Rehearsal Block Tracker (bonus mini-template)

Studio: _____ **Block dates:** _____ to _____

- Recurring day/time: _____ Rate: \$ _____/hr Hours: _____
- Total expected cost: \$ _____ Cancellation policy: _____
- Notes (heels/chairs/filming rules): _____

Here's a practical way to map your **Venue Deal Sheet + Rehearsal Block Tracker** into **WildApricot Event entry fields**, so each booking/project lives as an "Event" with consistent info.

Recommended WildApricot setup

1) Create 3 Event templates (or categories)

- **Rehearsal Block (Studio Rental)**
- **Performance (Theater/Bar)**
- **Video Shoot**

2) Add these Custom Event Fields (copy/paste names)

Core

- Venue Name (text)
- Venue Address (text)
- Venue Contact Name (text)
- Venue Contact Email/Phone (text)
- CAN.dy Lead Co-Director (dropdown/text)
- Day-of Contact (text)

Schedule

- Load-in Time (time)
- Start Time (time)
- End Time (time)
- Strike/Exit Time (time)
- Notes on Access/Parking (text area)

Rules / Technical

- Capacity / Occupancy (number)
- Heels Allowed? (yes/no)
- Chair Use Allowed? (yes/no)
- Sound Available? (yes/no)
- Sound Input (dropdown: Aux/Bluetooth/XLR/Other)
- Recording Permitted? (yes/no)
- Recording Permission Link (URL) (*paste email/pdf link in Drive*)

Money

- Base Fee (currency)
- Deposit Amount (currency)
- Deposit Due Date (date)
- Additional Fees (currency)
- Additional Fees Detail (text area)
- Cancellation/Reschedule Terms (text area)
- Payment Method (dropdown: card/ACH/check/other)
- Payment Deadline (date)

Insurance / Contract

- Insurance Required? (yes/no)
- Insurance Amount Required (currency/text)
- Additional Insured Required? (yes/no)
- Contract Link (URL) (*Drive link*)
- Contracting Party Listed Correctly? (yes/no)

Approvals (bylaws compliance)

- Merch Allowed? (yes/no)
- Age Policy Notes (text area)

Budget sanity

- Expected Income (currency)
- Expected Expenses (currency)
- Deficit Approved in Writing? (yes/no)

3) Attachments / links

WildApricot events don't always handle attachments elegantly, so best practice is:

- Keep a folder per Event in Google Drive, and paste links into:
 - **Contract Link**
 - **Recording Permission Link**
 - (optional) **Invoice/Quote Link**
