

CAN.dy Dance Project — Leadership Roster

Superseded by the membership system. Do not maintain this file.

Who holds which office, since when, and who held it before is recorded in `role_terms` in github.com/candy-dance/candy-dance-app, and shown by the `current_role_holders` view. That covers everything this document did:

- the Article 5 offices — Co-Directors, Treasurer, Secretary
- the Article 13 appointed roles — Project Coordinator, Social Media Manager, Outreach Lead — including whether each is per-Project or ongoing
- start and end dates, so the November elections under Article 7.4 leave a trail and "who was Treasurer in 2027" has an answer
- former officers, which section 1 of this document asked for and a hand-edited table never really delivered

The Secretary's recordkeeping duty under Article 6.3 is unchanged — it is now discharged by keeping `role_terms` current rather than by editing this file.

Opening or closing a term is what grants or removes officer access in the system; there is no separate step. Kept as a file rather than deleted so the history explains itself.
